

MERCY HEALTHPLEX SEA SCHOOL

Small classes. Giant learning opportunities.

March 15 – April 18

Our brand-new Sea School provides a safe and fun environment for children to explore and learn. Swimmers are challenged through structured lessons and guided play and celebrated for milestones along the way.

Through forward movement and growth, children learn that they can accomplish great things with confidence and positive self-esteem.

5-Week Session: \$50 Members / \$80 Non-members

If you are new to the program, contact Amanda Bonnell, Aquatics Manager, at 513-624-1886 or abonnell@mercyhealthplex.com for a private placement session.

PARENT/CHILD Ages 6 mo – 3 yrs

Parents learn how to teach their children the basics of water comfort, submersion and safety. An adult caregiver is required to be in the water with each child.

PRESCHOOL Ages 3-5 years

Sea Star Beginner Formerly Preschool Level 1

Students learn how to put their faces in the water while blowing bubbles from the nose and from the mouth. Students are introduced to freestyle, backstroke, flip swimming as well as floating.

Sea Horse Intermediate Formerly Preschool Level 2

Students are more comfortable with floating and flip swimming. They begin to independently swim with face in the water and learn to breath by rolling onto the back. Students in this class know how to jump into water over their head and swim back to "safety" (the wall) independently.

Sea Turtle Advanced Formerly Preschool Level 3

Students are independent floaters and are comfortable with flip swimming. They continue to learn freestyle and are introduced to whip kicks and elementary backstroke. By the end of this level, students are proficient in treading water.

LEARN TO SWIM Ages 5+ years

Angel Fish Beginner Formerly Learn to Swim Level 1

Students learn how to put their faces in the water while blowing bubbles from the nose and from the mouth. Students are introduced to freestyle, backstroke, flip swimming as well as floating.

Betta Fish Intermediate Formerly Learn to Swim Level 2

Students continue to work on freestyle and backstroke and become acquainted with the breaststroke, elementary backstroke and the butterfly. Students learn about body position and proper stroke technique and are proficient in treading water.

Clown Fish Intermediate/Advanced Formerly Learn to Swim Level 3

Students work on further stroke development through drills. By the end of this level, students have knowledge of all four competitive strokes and begin to work on flip turns and open turns and how to touch the wall on finishes.

Sea Pups Advanced Formerly Learn to Swim Level 4

Students are beginning to prepare for swim team or swimming for endurance and enjoyment. Strokes are refined through drills and sets and students swim laps while working on flip turns and open turns. Swimmers have a strong knowledge of the strokes and are ready to join swim team, if they choose, at the end of this level.

ADULTS

Adult lessons cover everything from beginners learning water comfort to stroke development. Learn how your body works in the water, improve your technique and gain confidence swimming laps.
